

DANISH MADE

We kindly invite you to visit DANISH MADE in Milan

- the furniture designers of the future

Three of the leading Danish design and architect schools have joined forces to present, in the DANISH MADE exhibition, a comprehensive range of current and experimental furniture design. The exhibition is also celebrating the 100 year anniversary of two of Denmark's world-famous furniture designers, Børge Mogensen and Hans J. Wegner.

On the basis of three different assignments, the students are now creating an interpretation of different icons visions, works and methods, which they have transformed so the furniture expresses a contemporary idiom and matches our time – in the form of new materials, technologies and changes in our lifestyles.

The project is a part of Innonet – Lifestyle, Interior and Clothing and is supported by Kvadrat A/S, Expotape, COOP DK and Fritz Hansen.

DANISH MADE consists of:
